

## FORTY-SIX MEN ABREFT ON STORM-SWEPT ATLANTIC

### SEEK NURSE WHOSE ERROR KILLED FIVE

Five Babies Died as a Result of Mild Acid Dose

Chicago, Mar. 3.—(AP)—A nurse's error in mistaking a bottle of mild antiseptic solution for distilled drinking water was blamed today by staff doctors at Columbus Memorial Hospital for the deaths of five baby girls, the eldest of them only two weeks old.

All five infants died within the space of a few hours in convulsions, at first attributed to an epidemic of intestinal influenza, while their mothers lay convalescing in an adjoining ward.

The sudden illness and almost simultaneous deaths of the babies yesterday led to a report and Health Commissioner Bundesen promptly ordered an investigation, which ended in agreement that an accidental administration of boric acid solution probably was the cause.

Five nurses assigned to the ward were involved in the investigation to follow. Pending completion of the inquiry, Coroner Wolff ordered suspension of all funeral arrangements.

The coroner today sent two police officers to bring the superintendent of the hospital to his office for questioning.

State's Attorney Acts.

The state's attorney's office took cognizance of the five deaths and Assistant State's Attorney Mueller was assigned to make an inquiry.

As to the theory that a boric acid solution caused the deaths, Dr. Bundesen said:

"Two to four ounces of boric acid will cause the death of any baby because their tender organs are unable to cope with poison."

Dr. Bundesen commended the authorities at the hospital on their "courageousness in taking the open stand they have on this affair."

He said the hospital authorities asked for the inquiry to show that the 28-year-old defendant was insane when he killed the child with a hammer Dec. 17, last.

William Schoemaker, chief of detectives, testified today that Croarkin, who first confessed after the slaying, said he had once been accused of mistreating a little girl and that he was held for a time by the police and warned that if a repetition of the offense, would lead to him being sent to the penitentiary.

"Well, I killed him," Schoemaker said, young Croarkin, son of a well-known family, told him when he asked about the slaying of the Schmidt boy.

The testimony was in the nature of corroboration of the confession admitted into evidence yesterday over the objections of the defense. The defense will seek to show that Croarkin had been strangely since childhood and alienists will be called to support the view that he is insane.

**TITLE GAME IS OFF.**

Bloomington, Ill., March 3.—(AP)—Basketball champions declined today the invitation of Illinois Wesleyan, Little 19 basketball title winner, for a game here. The game would have been the minor college championship of the middle west.

To replace this attraction, Illinois Wesleyan officials announced today that a game with the alumni will be played here Friday. The game will be played here Friday. The game will be played here Friday.

**Railroad Engineers to Demand Wage Boost**

Cleveland, Mar. 3.—(AP)—Demands for wage increases of 15 percent for all union locomotive engineers in the United States and Canada with the exception of the southwestern division will be served on the railroads Saturday by general chairman of the Brotherhood of Locomotive Engineers it was learned here today.

**IOWA REPUBLICANS UNITING TO BACK LOWDEN FOR G. O. P. NOMINATION FOR PRESIDENT**

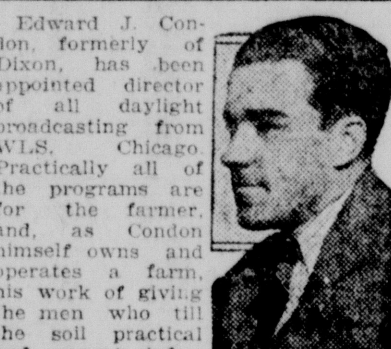

Des Moines, Iowa, March 3.—(AP)—Frank O. Lowden's presidential star rose over Iowa last night as political prophets looked forward to the 1928 election.

Iowa republicans, including legislators, labor leaders, farmers and business men in conference here, unanimously endorsed the former Illinois governor as a presidential prospect and sent a telegram to his home at Oregon, Illinois, urging him to enter the 1928 campaign and pledging him their support.

Plans for the establishment of "Iowa Lowden-for-President" clubs over the state were formulated and a committee of the Lowden forces in Iowa.

Lund managed the campaign of Col. Smith W. Brookhart, who defeated the veteran, Senator A. B. Cummings, in the last election.

### Former Dixonite Director of WLS Daytime Programs

Edward J. Condon, formerly of Dixon, has been appointed director of all daylight broadcasting from WLS, Chicago.

Practically all of the programs are for the farmer and, as Condon himself owns and operates a farm, his work of giving the men who till the soil practical and accurate information and help is made much easier.

His theory is to depend upon actual workers and not students to deliver farm lectures.

### NEW DRY ACT IS BACK IN HOUSE FOR APPROVAL

First Prohibitionists' Measure Passed Senate Last Night

Washington, Mar. 3.—(AP)—Congressional action on the administration's prohibition reorganization bill was completed today when the house accepted senate revisions. The measure now goes to the President.

Washington, Mar. 3.—(AP)—The prohibition reorganization bill, separating enforcement from the internal revenue bureau and placing dry agents under civil service, was back in the house today for concurrence in amendments tacked on it when the senate last night passed the measure amid a general attack by the wets.

The senate vote reached with the aid of the cloture rule limiting debate, found only six members opposed to the measure while 71 voted for it.

The bill, which sets up separate bureaus of prohibition and customs in the treasury, had been persistently demanded by Assistant Secretary Andrews, chief of the dry forces. If the house agrees to the senate amendments, it will be the first dry measure to pass this session.

**State Dept. Has No Information on Mex. Oil Wells**

Washington, Mar. 3.—(AP)—President Coolidge advised the senate in response to a resolution today that the American Government had no information regarding the Mexican oil holdings of the late General Huerta.

With Edward L. Doherty, Harry F. Sinclair and the family of Secretary Andrew W. Mellon.

The resolution asked whether the Doherty, Sinclair or Mellon interests "had any interest or connection in Mexico that have refused to accept the new Mexican regulations."

In reply, the President transmitted a report from Acting Secretary of State Grew, saying "that save that it is advised that there is an American corporation known as the Mexican-Sinclair Corporation, the department of state is not informed of the nature and extent of the interest, if any, held in Mexico, individually or as partners, or through stock or other relationship, of any of the parties referred to in the resolution."

**Dog Stops Runaway: Saves Master's Life**

Mendota, Ill., March 3.—(AP)—Dr. Perry Hartman of Granville was saved by his dog from possible death or serious injury.

The doctor was thrown from his horse and became entangled in the reins, causing the horse to start running, dragging him on the ground. The dog leaped forward, caught the reins in his mouth and stopped the horse. The physician suffered only a broken collar bone.

**SHARKEY IS HEAVIER**

New York, Mar. 3.—(AP)—Jack Sharkey, Boston heavyweight, will enter the Madison Square Garden ring tonight with a 19 pound advantage over his veteran Irish rival, Mike McEgure, for their 15 round elimination match. Sharkey sealed 18½ and McEgure 17½ when they weighed in before the State Athletic Commission.

**BIG DANVILLE STORE SOLD**

Danville, Ill., March 3.—(AP)—Sale of the K. & S. department store here, one of the largest in eastern Illinois to J. H. Bell and associates of Decatur, was completed today. The store is more than a quarter of a century old. The Decatur men purchased the controlling interest from Simon Strauss.

**Lund managed the campaign of Col. Smith W. Brookhart, who defeated the veteran, Senator A. B. Cummings, in the last election.**

### REED VS. REED FIGHT STOPS SENATE WORK

Little Further Legislation Expected From That Body

Washington, Mar. 3.—(AP)—Two sets of credentials for Senator-elect Reed of Pennsylvania and the credentials of Senator-elect Smith of Illinois, both republicans, were received today by the senate and sent to its elections committee.

Washington, Mar. 3.—(AP)—Weathering its second all night session within a week, the senate, with only another day to go, struggled to extricate itself today from a tangle which threatened to block prospect of further legislation before the end of this congress.

Its fight over the resolution of Senator Reed, democrat, Mo., to continue his campaign funds committee during the summer recess, developed into a legislative deadlock which the principals finally found themselves unable to break.

A single senator—Reese, democrat, South Carolina, dominated the situation. Enlisted at the start by the filibusterers against the Reed resolution, the temperate South Carolina objected to all agreements reached by leaders on both sides of the fight by which there might have been a respite and passage of the public buildings, alien property return and second deficiency appropriation bills.

The fight over the campaign funds committee resolution began just at nightfall with the democrats and the republicans surging to force the issue against a comparatively small group of republican regulars.

Under the leadership of "Dave" Reed of Pennsylvania, distant cousin of the Missourian, the latter group answered the charge by forcing the issue at the end of the session to prevent action on the resolution.

Reed of Missouri countered with a declaration that he would hold the session in session until a vote had been obtained.

**Cigarette Caused Big Grass Fire at Oakwood**

A lighted cigarette dropped in dry grass and leaves in Oakwood cemetery this morning started a fire which swept practically the entire cemetery and several acres of land surrounding it.

The fire department was summoned at 10:30 and protected surrounding property. The flames swept from Third to Seventh streets clearing the lots of dry grass and rubbish.

While the department was fighting the grass fire another alarm was turned in from the Murray garage. Commissioner W. V. Slothower, who was in the fire station at the time, answered the alarm, taking chemicals. A container of hot roofing material caught fire, but the blaze was extinguished before the chemicals arrived.

**STARK CO. FOR SHOES**

Toulon, Ill., March 3.—(AP)—Seven ballots were necessary at the Stark County supreme court convention here today before the three delegates were instructed to vote for Robert Scholes, speaker of the house, at the 5th district convention in Peoria, March 15.

The delegates were deadlocked six hours when the Bradford committee swung their support from Judge Clyde Stone of Peoria to Speaker Scholes.

The Clipper and Dixon lawn mowers are both the result of Mr. Ortt's invention. His coming to Dixon to locate his plant is an interesting chapter in itself as related by him.

**How He Chose Dixon**

"In Pennsylvania, where I started making this machine, the Clipper style of mower is the most popular in California. At that time California was growing and real estate owners would build several houses, plant the grass and just before opening the lot for sale, would mow the grass, thus improving the appearance of the property. I had been shipping machines by express to California and one day along came an order for three machines to be rushed by express."

"I investigated the express rates which were rising and found that it would cost 45 cents more to send the machines by express than the cost price. Accordingly, I wired this information to my customers and received a reply to rush the shipment, regardless of the express rate, which I must move to a central western location in order to take advantage of the freight and express rates both east and west."

"I wrote two letters to Dixon, Ill., one to the postmaster and the other to the late Ben Shaw, then editor of the Dixon Evening Telegraph. The latter, whose letter I still possess and value most highly, was the first to reach me and I came to Dixon and have been here ever since and have never regretted my coming. Once established, sales increased and the rates were lower both east and west."

**WISCONSIN: Fair tonight and probably Friday; rising temperature Friday and in extreme northwest portion tonight.**

**Chicago and Vicinity: Fair tonight and Friday; slowly rising temperature Friday; lowest tonight near freezing; gentle variable winds shifting to southerly Friday and becoming moderately fresh.**

**Wisconsin: Fair tonight and probably Friday; slowly rising temperature.**

**Iowa: Fair tonight probably followed by increasing cloudiness Friday; rising temperature and in east and south portions Friday.**

**TODAY**

Algerian war began March 3, 1915.

### THREE NEW INDUSTRIES OF DIXON ARE STARTING NEW YEAR WITH FINE PROSPECT

ORT TWO-WHEEL DIFFERENTIAL TO BE TRADE WINNER

Auto Engineers are Impressed by Dixon Man's Patent

Plans for the completion of a plant in Dixon which will turn out an essential part of automobile mechanism, as well as under way, with the completion of an accessory which is known to the motor trade as the "Ortt two-wheel drive differential."

R. K. Ortt, veteran lawn mower manufacturer, who has conducted a successful business in this city for twenty-three years, is the inventor and sole owner of the patent. At present, he is busily engaged in equipping a plant for the manufacture of this device in the south "college" building on West Third street, where his lawn mower plant is also located.

On the first floor in the central section of the building, which years ago served as a dormitory for students at the Dixon college, 20 rooms have been turned into one large manufacturing plant, which, according to the plans will be devoted entirely to the manufacture of the differential. Considerable machinery has been installed and equipment essential in launching such an industry is being placed.

**Building Plans**

According to the plans a warehouse is to be erected on the west side of the present location in which all of the raw material will be stored. Another set of plans calls for the erecting of a building on the east side of the old dormitory which will double the floor space of the manufacturing plant. The manufacturer hopes to be able to start work with a daily capacity of from 200 to 225 differentials daily.

**Lack of funds for the purchase of necessary machinery and raw material is all that now hinders the progress and completion of the plant.**

According to plans, the factory will be made for every type of automobile and motor truck manufactured in the United States.

Mr. Ortt plans to move all of the machinery and equipment used in the manufacture of the Clipper and Dixon lawn mowers to the second floor of the building and devote the entire first floor to the new plant. In discussing the condition of the market for lawn mowers today, Mr. Ortt said that in the 23 years of his industry, which were manufactured last fall and during the winter months, which now fill the store house, will be cleared out before May 1, he said.

While the department was fighting the grass fire another alarm was turned in from the Murray garage. Commissioner W. V. Slothower, who was in the fire station at the time, answered the alarm, taking chemicals. A container of hot roofing material caught fire, but the blaze was extinguished before the chemicals arrived.

**Engineers Impressed**

Representatives from several motor companies have been in Dixon in the past few days inspecting the differential and all have been favorably impressed with the future possibilities of the accessory in the motor car industry.

According to plans, the differentials will be made for every type of automobile and motor truck manufactured in the United States.

Mr. Ortt plans to move all of the machinery and equipment used in the manufacture of the Clipper and Dixon lawn mowers to the second floor of the building and devote the entire first floor to the new plant. In discussing the condition of the market for lawn mowers today, Mr. Ortt said that in the 23 years of his industry, which were manufactured last fall and during the winter months, which now fill the store house, will be cleared out before May 1, he said.

While the department was fighting the grass fire another alarm was turned in from the Murray garage. Commissioner W. V. Slothower, who was in the fire station at the time, answered the alarm, taking chemicals. A container of hot roofing material caught fire, but the blaze was extinguished before the chemicals arrived.

### ELECTRO-PLATING PLANT OPERATES IN DEMENTTOWN

W. B. Rusch Adds New Line to Electric Shop There

William B. "Bill" Rusch, 504 Depot avenue, has entered into a new venture at his place of business, which he promises of great success, and while yet in its early stages is enjoying a very liberal patronage and promises to expand materially in a very short time.

After several years of successful activity as an electrical specialist and builder of electrical radio sets, Mr. Rusch is now head of the Rusch Plating & Electrical Shop. He has installed a complete plating department in connection with his electrical laboratory. In this department he is at present busily engaged in plating with silver, brass, copper and nickel and in a short time plans to add a gold plating department.

In his latest venture he has met with great success and has work coming from Chicago mail order houses and from many cities and villages in the northern section of the state. The process in use is electroplating, considered by experts to be not only the more economical but the most substantial.

Mr. Rusch has associated with him in this department an expert of more than 15 years experience. Audley High of this city is in charge of the plating department and is kept busy with all kinds of work, ranging from the plating of tools and hardware to knives, forks and spoons. As the volume of business expands, Mr. Rusch expects to increase the capacity of this department and the many friends of both young and old are most anxious in their desire.

**Has Force of Thirty.**

At present a force of 30 men and women are employed in this industry which is the latest addition to Dixon's manufacturing list. Women are employed in one department on the second floor where several sewing machines work on the interior trimmings.

A feature in the construction of Dixon's plating cases, is the fact that all of the wood used is the famous California red wood. This wood is said to have the longest life when placed in grounds. One of the expensive cases turned out in the local plant is built of double thicknesses of red wood. The several styles are built by experts in wood craft on the floor and are then taken to the covering department on the second floor where the several styles of coverings are placed on the boxes. They are then taken to the trimming room, where the beautiful interiors are installed after the case has been uphoisted, and it is then ready to be packed and shipped.

**To Install New Line**

In addition to supplying morticians with caskets of all grades, the company at the present time is adding another department which promises to spread the name Dixon from coast to coast. This department is to be devoted solely to morticians' supplies, consisting of burial case hardware and everything used by the present day up-to-date embalmer and funeral director. The product of this new firm, which is now being sold from the Atlantic to the Pacific ocean, is soon to be placed on the market bearing the trade name of Dixon Gavity Fluid and Dixon Embalming Fluid. Mr. Burke is now completing arrangements for the addition of this important accessory to this special department.

With strict watch space in the rear of the building, further assured as the new enterprise is further assured as the raw materials may be shipped in carload lots direct to the plant and outgoing shipments may be made in the same manner. While the industry at the present time is in its infancy, it is enjoying a liberal patronage throughout the middle-west, every indication points to its firm taking its place among the leading businesses of its kind in the country.

**U. S. Marines Will Land in Shanghai**

Shanghai, March 3.—(AP)—There were increasing indications today that the next major effort by the nationalists would not be a direct advance upon Shanghai, but a thrust in the direction of Nanking railway, with the object of cutting off General Chang Tsung Chang's Shantung forces from their base.

The retirement of General Li Pao Chang, who had been commander-in-chief of the nationalists, was in accordance with the elimination from the Shanghai area of all those connected with the forces of Marshal Sun Chuan Fang, who until ten days ago, was the chief defender of this city against the nationalists.

American marines from the transport Chaumont, will march through the British settlement here Saturday.

One thousand royal marines from the British steamer Minnesota landed today and marched through the settlement.

**Big Earnings in Oil**

Bartlesville, Okla., March 3.—(AP)—Earnings of \$3.92 per share of outstanding stock in 1926 are shown by the Phillips Petroleum Company in the annual report to stockholders made public today by Frank Phillips, president. Earnings in 1925 were \$5.45 per share.

This represents a total net earnings of \$21,407,708.42 after maximum allowances for deductions for depreciation and reserves.

**SUES ROCK ISLAND RY.**

Des Moines, Iowa, March 3.—(AP)—A \$20,000 damage suit has been filed here against the Rock Island Railroad Company by Mrs. Rose Bloom, administrator of the estate of Charles Bloom, who was killed April 3, 1926, at Moline, Illinois. It is charged that Bloom was struck while crossing the tracks where the safety gates were up.

**NEW CREDENTIALS OF WARE TANGLE SENATE**

Washington, March 3.—Presentation of the new credentials of William S. Vare, senator-elect from Pennsylvania, by Senator-elect Reed, democrat, Mo., injected a new controversy in the tangled senate situation today.

The credentials were signed by Gov. Fisher of Pennsylvania and superseded a more indefinite election certificate use by the senate by the former governor Clifford Pinchot.

Senator Reed, democrat, Mo., chairman of the special committee which investigated the Pennsylvania primary and election, immediately challenged the validity of the new certificate. He demanded reference of the papers to the senate elections committee.

### BURIAL CASE CO. OPERATING UNDER NEW DIRECTORATE

Line of Accessories is to be Put Out by Local Company

Dixon has a new and thriving industry in the north college building on West First street, which promises to place the city in a much more conspicuous place as a manufacturing center within a very short time, judging from the success of the industry which is yet young.

James P. Burke, formerly of Chicago, has moved to this city and is now vice-president and general manager of the new industry which is known as the Dixon Burial Case company.

This firm has taken over all of the former holdings of the Dixon Casket Company and with a complete list of new officers and directors, has launched extensively into the building and furnishing of mortician's supplies, featuring the burial case department on which Peter Moulier is in charge.

Burial cases, which only a few years ago were commonly known as caskets and prior to the time, coffin, are now being turned out in many styles from the lower priced to the most expensive of cloth covered cases. The cases on show in the Dixon play room of the local plant are in groups of one of the expensive cases turned out in the local plant is built of double thicknesses of red wood. The several styles are built by experts in wood craft on the floor and are then taken to the covering department on the second floor where the several styles of coverings are placed on the boxes. They are then taken to the trimming room, where the beautiful interiors are installed after the case has been uphoisted, and it is then ready to be packed and shipped.

**To Install New Line**

In addition to supplying morticians with caskets of all grades, the company at the present time is adding another department which promises to spread the name Dixon from coast to coast. This department is to be devoted solely to morticians' supplies, consisting of burial case hardware and everything used by the present day up-to-date embalmer and funeral director. The product of this new firm, which is now being sold from the Atlantic to the Pacific ocean, is soon to be placed on the market bearing the trade name of Dixon Gavity Fluid and Dixon Embalming Fluid. ### GOOD PROGRESS IN SIGNING UP HIGHWAY RIGHT

Meeting at Rochelle Brings Joy to Meridian Boosters

At the close of the meeting held in the office of Attorney Clarence Gardner in Rochelle yesterday afternoon, the right of way for the Meridian Highway in Lee County was practically assured and without material delay. County Judge William L. Leach, County Superintendent of Highways Fred W. Leach and District Engineer O. F. Goeke of the state highway department were present from Dixon and Supervisor Gus Hensert and Highway Commissioner James Neale, represented Viola Township.

There was a large and enthusiastic gathering at the meeting and some opposition was expressed against the 80 foot right of way. Judge Leach gave a brief talk, explaining the advantages of the paved highway in the east end of the county which had a telling effect and many of the land owners signed the releases voluntarily. Releases for the right of way in Viola township are in the hands of Highway Commissioner James Neale, who is devoting his entire time to this work with a view of having all of the right of way signed up by Saturday of this week.

County Superintendent of Highways Leach stated this morning that the securing of the right of way in Lee County would in all probability be cleared up by Saturday of next week, thus assuring an early beginning of the work with a view of completion of the highway from Mendota to Rochelle this summer.

**FARM HOUSE WAS DYNAMITED NEAR COLETA IN NIGHT**

Mystery Surrounds the Destruction of Vacant House

The one story, three room house on the Ed. Flynn farm northwest of Coleta, Whiteside county, was dynamited Monday night, the blast tearing out the entire east end of the property. No clue has been obtained to the suspicion of the parties guilty of planting the explosive, nor is there any reason known for the destruction of the house.

The house, which is located on a road one mile north and three miles west of Coleta, is situated on a five acre tract. It is well known as the Jess Hill home. It had been vacant for more than a year. Mr. Flynn had recently rented the farm to a man by the name of Estes of Milledgeville. The latter had spent most of Monday cleaning the premises preparatory to moving there the latter part of the week.

The blast which wrecked the house was heard by neighbors within a radius of a mile or more about 10 o'clock Monday night. While the local report caused considerable conjecture as to the cause, it was not learned until the following morning that the Flynn home had been dynamited. It being discovered by passersby.</

## TODAY'S MARKET REPORTS

## Chicago Produce

Chicago, March 3—(AP)—Butter unsettled; 4699 tubs; creamery extras 48¢@49¢; standards 48¢; extra firsts 48¢@49¢; firsts 47¢@48¢; seconds 45¢@46¢.

Eggs: higher; 12,000 cases; firsts 24¢@25¢; ordinary firsts 23¢@24¢.

HAMBURG—Born on Feb. 25th to Mr. and Mrs. Fred Hamburg of Highland avenue, a son, Junior Hamburg.

## NEWS OF THE CHURCHES

CREWS BROTHERS WILL SING AT GRAND DETOUR

Audiences and interest in the revival meetings in progress at Grand Detour Christian church continue to increase, and last night's service brought many for the first time, drawn by the announcement that Miss Vivian Graves would sing. Her three selections were, indeed, an inspiration to all, and a glorious tribute to the Lord and His love.

Tomorrow evening, the Crews boys of Dixon, Clinton, Donald, Harold and Paul, will sing. Mr. Cleaver's sermon will be, "When We Are Confessed by Christ." In tonight's service, Edna Winebrenner and Nora Jones of Grand Detour will furnish the special number.

## Ogle Co. Sunday School Meeting

Oregon—Ogle county's annual Sunday school convention is to be held at the M. E. church in Oregon on Wednesday and Thursday, April 27 and 28 according to an announcement made by J. W. Hoopes, Chana county president.

A meeting of the executive board was held here Sunday when tentative plans were made for the gathering.

A young people's banquet is planned at the Coliseum for Wednesday night and a men's meeting on Thursday evening.

Mr. Hoopes and his program committee are already busy securing a group of speakers to cover every phase of Sunday school work. The complete program will be announced within a few weeks, it was said today.

## BEST GAMES OF SEASON PLAYED AT Y WEDNESDAY

## Basket Shooters Kept Great Crowd in Intense Thrills

The crowd of 200 spectators were thrilled at the fine play of basket ball demonstrated by the industrial teams last night at the Y. M. C. A. Every body stretched their necks and stood on their toes to see the struggle on the floor, intent lest they should miss any of the excitement. And such basket ball! The teams are all playing an excellent brand of ball now. The Brown Shoe Company tossers surprised everyone by their good passing and team-work. The American Body & Cab Company team was going strong too and held Browns 6 to 6 at the half. It was either team's game, with both teams going strong. In the second half Phyeau and Weitzel of the Shoe Factory broke loose, and put their team far in the lead. Bremer of the Cab Company played a real game as guard. The game ended 26 to 16 in favor of the Brown Shoe Company.

The second game, between the I. N. U. Company and the Highway Department was close. The I. N. U. has added much height to their team with the new center, Prestagard. The I. N. U. won the game by a score of 15 to 12.

The third game, between the J. I. Case and the Reynolds Wire Company was perhaps the most interesting game of the season. This was the game all were waiting for. If the Reynolds team should win there would be an opening for the I. N. U. and Reynolds to take first place from the J. I. Case. And indeed, it looked for all the world as though the Wire Makers had the game, for the score stood 14 to 6 in their favor at the half. In the second half everyone went wild as J. I. Case gained until they tied the score 17 all. Vaughn came back in his true style, his dead eye never failed him. Then Reynolds scored another field which put them in the lead again. But the J. I. Case team tied up the score again and took time out. Then the Wire Makers scored again winning the game 21 to 19. Vaughn of the J. I. Case was high score man of the evening with 14 points. Fevreau of Brown was second man with 12 points.

Reynolds Night Friday

The Reynolds Wire Screen employees are going to hold their fourth Factory Night at the "Y" Friday night. A real game of basket ball is one of the features, as well as a women's base-ball game.

FIRE PUMPER HERE

A new American La-France combination fire truck, equipped with a pumper stopped at the fire station last evening, enroute from Chicago to Madison where it is to be demonstrated before the city council. The truck is scheduled to return this evening and will stop over night.

## Flashes of Life

BY THE ASSOCIATED PRESS

London—John Dumbreck married a Miss Luck, took out \$25,000 insurance covering the birth of twins and collected. Charles Atkins took out twins insurance and let it lapse when a daughter arrived. Now he has become the father of triplets.

New York—Some \$600,000 in gold coin is aboard the steamship Keemun to enable girls in the straits settlements in the far east to be married. Most of the money will be carried to the altar by brides and turned over to the grooms as dowries.

Philadelphia—The flapper in wearing only a few ounces is setting a good example, in the opinion of Dr. P. H. Krusen, in getting plenty of life-giving sunlight. And cancer and tuberculosis are practically unknown among scantily clad uncivilized tribes.

New York—Thyra Winslow, novelist and John Seymour Winslow, editor of "Modern Marriage" gave a party to friends several years ago on the eve of a marital vacation during which they had separate apartments. Apparently the vacation is to be permanent. Mrs. Winslow is suing for divorce.

New York—Gilda Grey, who made South Sea dances popular on Broadway, is to play the role of a nun in the film version "Marie Odile."

New York—Any boy of Alexander Hamilton High School in Brooklyn caught with a tabloid newspaper will be given a cake of soap and made to wash his hands.

## Brief Summary of Last Night's News

(BY THE AP.)

Joseph Ploil, 28, slayer of Bill Brennan, prize fighter, and George Weimale, 48, escape from Sing Sing prison.

Archbishop Ruiz of Mexico announced that Catholic laymen may administer last rites and marriage ceremonies owing to inability of priests to officiate under religious laws.

Dispatch to Paris reports numerous buildings collapse in village of Biszich, Corsica, probably under landslide, and many inhabitants feared killed.

Man and wife arrested in Miami, Oklahoma, charged with kidnapping in 1925, Maude Lee Mudd, wealthy Indian girl who deserted Earl Gordon, automobile salesman after eloping with him.

Unofficial circles in Mexico City believe mysterious note to Mexico asks how certain information reached the United States from Mexico; Mexico sends reply.

## Waubesa Club Elects Officers

The Waubesa club met Wednesday at the home of Mrs. Ellis Mason, with only one member absent.

The annual election of officers took place, the result being as follows: President—Mrs. Margaret Floto.

Vice President—Mrs. H. V. Smith. Secretary and Treasurer—Mrs. A. E. Taylor.

Corresponding Secretary—Mrs. C. V. Chapman.

Chairman of Flower Committee—Mrs. C. Soper.

Entertainment Committee—Mrs. Ellis Mason, Mrs. G. W. Swartz, Mrs. Henry Hunt.

At the close of the business session Mrs. Mason served delicious refreshments. A most delightful time is reported by all present.

A GOOD THING—DON'T OVERLOOK IT. From Jas. Edwards, Montgomery.

Alas, comes this letter which contains a valuable suggestion: "I feel like a new man since taking Foley's Honey and Tar. I can now sleep all night, soreness in chest and the bad cough entirely gone. My whole family use it—for coughs, colds and croup, and it always helps." Stops tickling throat, nervous hacking coughs, puts a healing, soothing coating on an inflamed throat. Sold and recommended everywhere. Ask for it. Sold everywhere.—Adv.

### OLD MASTERS

I will go back to the great sweet mother—  
Mother and lover of men, the Sea,  
I will go down to her, I and none other,  
Close with her, kiss her and mix her with me;  
Cling to her, strive with her, hold her fast;  
O fair white mother in days long past  
Born without sister, born without brother,  
Set free my soul as thy soul is free.  
O fair green-girdled mother of mine,  
Sea, that art clothed with the sun and the rain,  
Thy hard sweet kisses are strong like wine,  
Thy large embraces are keen like pain.  
Save me and hide me with all thy waves,  
Find me one grave of thy thousand graves,  
Those pure cold populous graves of thine,  
Wrought without hand in a world without stain.

I shall sleep, and move with the moving ships,  
Change as the winds change, veer in the tide;  
My lips will feast on the foam of thy lips.  
I shall rise with thy rising, with thee subside;  
Sleep, and not know, if she be, if she were,  
Filled full with life to the eyes and hair,  
As a rose is filled to the roseleaf tips  
With splendid summer and perfume and pride.  
—Algernon Charles Swinburne:  
From "The Triumph of Time."

**CHOIR TO PRACTICE FRIDAY EVENING**

### Menus for the Family

BY SISTER MARY

**BREAKFAST**—Orange juice, cereal, thin cream, baked hash, crisp graham toast, milk, coffee.  
**LUNCHEON**—Noodle soup, toast sticks, cottage cheese, raisin and green pepper salad, cup custard, milk, tea.

**DINNER**—Broiled lamb chops, potatoes on casserole, canned lima beans, new onions and radishes, fig and orange jelly, vanilla cookies, milk, coffee, whole wheat rolls.  
These are simple menus planned to meet the needs of a family made up of small children as well as adults. While children under school age and persons well past middle age will not want the hash suggested for breakfast, growing children and active adults need the extra breakfast dish. Fig and orange jelly will be enjoyed by the whole family.

**Fig and Orange Jelly**  
One and 1-4 cups chopped figs, 1 1-2 cups fig juice, 3-4 cup sugar, 2 tablespoons granulated gelatin, 1 lemon, 1 1-2 cups orange juice.  
Wash figs through many waters. Cover with cold water and let stand over night. Cook in the same water until tender. Drain, reserve liquor of which there should be 1 1-2 cups, and chop figs. Heat sugar and fig juice and bring to the boiling point. Stir in gelatin softened in 4 tablespoons cold water. Remove from fire and add juice of lemon and orange juice. Let stand until beginning to set. Stir in chopped figs and turn into a mold first dipped in cold water. Let stand until thoroughly chilled and firm. Serve with whipped cream.

### Missionary Circle March Meeting

The March meeting of the Y. W. M. C. of the Christian church was held at the church Tuesday evening. A picnic supper was served preceding the meeting which was much enjoyed. The program was under the direction of the president, Mrs. Wells. The topic was "Fellowship in Furthering the Gospel."

Hymns—1 Would Be True.  
Scripture reading Phil. 1: 3-7.  
A Bright Spot in China.  
Miss Lillie Cunningham  
Notes from Mrs. Slater's Address at

Rock Falls. Mrs. Maurice Origiesen Book Review, "The Mountains Go to School." Mrs. Russell Hoyle Hymn—Would You Know Earth's Highest Happiness? Benediction.

### Musical Friday Night at Studio

The pupils of Prof. J. W. Johnson will give a musical at his studio on the third floor of the Dixon Trust and Savings Bank building, Friday evening at 7:30 o'clock, to which the public is cordially invited. The program for the evening is as follows:

The Snow Flake ..... Cook  
To a Wild Rose ..... McDowell  
A Lesson from the Violet ..... Marks  
Good Bye Sweet Day ..... Vannah  
Drink to Me Only With Thine Eyes ..... Johnson  
Absent ..... Metcalf  
Come Where the Blue Bells Ring ..... Brackett  
Promise ..... Neidlinger  
Arcade ..... Lang  
Give a Man a Horse ..... O'Hara  
Deming Hintz

### MADE OFFICIAL VISITS TO G. A. R. CIRCLES

Mrs. Marie B. Hettler, State President of the Ladies of the G. A. R. has returned from Chicago where she has been making official visits to numerous circles. While in Chicago she was a guest at the Hotel Sherman where a reception was given in her honor Feb. 10, by all the department officers. Dr. John Hettler and daughter Alice, also attended the reception.

March 7th Mrs. Hettler will leave on a trip to the northern part of the state. She reports a very successful year, having organized several new Circles.

### O. E. S. PARLOR CLUB TO MEET MONDAY

The O. E. S. Parlor Club will meet Monday afternoon in Masonic hall at 2:30, with Mrs. Grover Hoberg, Mrs. Frank Kreim and Mrs. Robert Espy as hostesses.

### Harmon Women's Club Meeting

The Harmon Women's club held a most enjoyable meeting with Mrs. Will Deitz Wednesday afternoon, March 2. Meeting was called to order with "Sewing Hints." During the business session the members voted to accept the invitation of the county chairman to become a federated club. The paper of the afternoon entitled "Come Let Us Make a Garden" was read by Mrs. Lynn Parker. The meeting adjourned for a social time and the serving of dainty refreshments. Mrs. Ellis Kugler assisted the hostess in serving. Mrs. Charles Gruetzmacher was a guest of the club on this occasion.

### Social Circle in All Day Meeting

The Prairieville Social Circle held a pleasant all day meeting yesterday at the home of Mrs. Verne Straw, with the usual tempting picnic dinner at noon.

There were present sixteen members, three children and three guests. The president appointed her committees for the year. The social hour followed the business meeting in the afternoon. The next meeting will be held March 16 with Mrs. William Rushka.

### TRY THIS TO BANISH RHEUMATIC PAINS

People who have been tormented for years—yes, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma. Rheuma acts with speed. It should bring in just a few days the relief you have prayed for. It attacks the points that cause agony and pain in the joints and muscles and quickly the torturing soreness completely disappears, or it costs you nothing.

While Rheuma is harmless and inexpensive, it is one discovery that has forced rheumatism to yield and disappear. Get a bottle of Rheuma from Rowland's Pharmacy, or any druggist to day. It must give you the joyful relief you expect or your money will be returned.—Adv.

### Mrs. Paul Freed Entertained Wednes.

Mrs. Paul Freed pleasantly entertained at a two course luncheon Wednesday, Mrs. H. D. Freed, Ms. Frank Teeter and daughter, Jasmine Mae, and Mrs. Albert Fordyce and daughter Mary Katherine.

**ENJOYED DELIGHTFUL TRIP TO FLORIDA**  
Dr. and Mrs. A. W. Chandler and Miss Ethel Anderson have returned from a delightful trip to Florida, at Daytona Beach and Miami. They also enjoyed a visit to Cuba.

### Mrs. Fassler Hostess At Luncheon Monday

Mrs. Etta Fassler delightfully entertained the Presidents' Association of the Ladies of the Grand Army of the Republic with a 1 o'clock luncheon at her home Monday. The colors for the luncheon were in keeping with St. Patrick's day.

The decorations were green and white. The attractive place cards were shamrocks conveying a message to each member in the form of a nursery rhyme, and green candles, with a white lily center piece graced the luncheon table. After the delicious luncheon, Mrs. Gus Schweinsberg, in her gracious manner presented Mrs. Marie B. Hettler, Dept. President of

**BRIDGE PARTY TONIGHT AT ELKS**  
There will be a bridge party for Elks and their ladies at the club house this evening.

### Control for the Abdomen with the Adjustable Unda-Belt

**SIMPLICITY!** The Unda-Belt is easily hooked high at the waist line... three adjustments are possible, two inches difference in girth... then pull down the belt until the abdomen is uplifted and perfectly controlled.

And, too, the Unda-Belt is detachable and may be raised or lowered on the encircling band... always in place to reduce and support the heavy abdomen.

This Brassiere CorSet is designed in two patterns... for the normal figure and a shorter garment for the stocky, high waisted figure.  
Prices \$5 and \$8.50

**UNQUESTIONABLY!** It should be one of these dainty soft, flexible, hipconfining girdles... if you possess the slight youthful figure.

Illustrated at the left is a stayless garter belt that hooks at the side. Fashioned of Rayon broche and elastic to retail at \$1.50.

**A. L. Geisenheimer & Co.**

eran parsonage Saturday evening at 7 o'clock when Rev. Henry Foelsch united in marriage the lives of Miss Ruth A. Govig and Vernon C. Shilling. The bride is a daughter of Mr. and Mrs. Louis Govig. The groom is the son of William Shilling of Mill edgewood.

The bride was prettily gowned in a dress of blue silk crepe. The groom wore a blue serge suit. The young couple were attended by Mrs. Earl Thomas and Vernon Govig. For the present Mr. and Mrs. Shilling will remain with her parents, as Mr. Shilling is employed by Orno Kersten on the farm. The many friends of the couple unite in extending to them best wishes for a happy and prosperous life.

**Young Folk Wed Saturday Evening**  
A wedding of interest in Ashton and vicinity was solemnized at the Lutheran church.

**Mrs. Fassler Hostess At Luncheon Monday**

Mrs. Etta Fassler delightfully entertained the Presidents' Association of the Ladies of the Grand Army of the Republic with a 1 o'clock luncheon at her home Monday.

The decorations were green and white. The attractive place cards were shamrocks conveying a message to each member in the form of a nursery rhyme, and green candles, with a white lily center piece graced the luncheon table. **SIMPLICITY!** The Unda-Belt is easily hooked high at the waist line... three adjustments are possible, two inches difference in girth... then pull down the belt until the abdomen is uplifted and perfectly controlled.

And, too, the Unda-Belt is detachable and may be raised or lowered on the encircling band... always in place to reduce and support the heavy abdomen.

This Brassiere CorSet is designed in two patterns... for the normal figure and a shorter garment for the stocky, high waisted figure.  
Prices \$5 and \$8.50

**UNQUESTIONABLY!** It should be one of these dainty soft, flexible, hipconfining girdles... if you possess the slight youthful figure.

Illustrated at the left is a stayless garter belt that hooks at the side. Fashioned of Rayon broche and elastic to retail at \$1.50.

**A. L. Geisenheimer & Co.**

eran parsonage Saturday evening at 7 o'clock when Rev. Henry Foelsch united in marriage the lives of Miss Ruth A. Govig and Vernon C. Shilling. The bride is a daughter of Mr. and Mrs. Louis Govig. The groom is the son of William Shilling of Mill edgewood.

The bride was prettily gowned in a dress of blue silk crepe. The groom wore a blue serge suit. The young couple were attended by Mrs. Earl Thomas and Vernon Govig. For the present Mr. and Mrs. Shilling will remain with her parents, as Mr. Shilling is employed by Orno Kersten on the farm. The many friends of the couple unite in extending to them best wishes for a happy and prosperous life.

**Young Folk Wed Saturday Evening**  
A wedding of interest in Ashton and vicinity was solemnized at the Lutheran church.

**Mrs. Fassler Hostess At Luncheon Monday**

Mrs. Etta Fassler delightfully entertained the Presidents' Association of the Ladies of the Grand Army of the Republic with a 1 o'clock luncheon at her home Monday.

The decorations were green and white. The attractive place cards were shamrocks conveying a message to each member in the form of a nursery rhyme, and green candles, with a white lily center piece graced the luncheon table. After the delicious luncheon, Mrs. Gus Schweinsberg, in her gracious manner presented Mrs. Marie B. Hettler, Dept. President of

**BRIDGE PARTY TONIGHT AT ELKS**  
There will be a bridge party for Elks and their ladies at the club house this evening.

**Mother—don't let your child cough!**  
Coughs and colds are a sign of more serious trouble. Stop them and stop the trouble. A teaspoonful of Lauber's Am-o-loz will do it. For over 20 years mothers have found it pure, pleasant and effective. Sold and guaranteed by your druggist.

TERMS OF SUBSCRIPTION.

In Dixon by carrier 20 cents per week or \$10 per year, payable strictly in advance.

By mail in Lee or surrounding counties—Per year, \$5.00; six months \$2.75; three months \$1.50; one month, 75 cents; payable strictly in advance.

By mail outside Lee and adjoining counties—Per year, \$7.00; six months \$3.75; three months \$2.00; one month, 75 cents.

Single Copies—5 cents.

CANCELS \$6,000,000,000 IN DEBTS.

The United States government has canceled \$6,000,000,000 in war and post-war debts, which is about half of the total at the time settlements were negotiated. These figures apply to Great Britain, France, Italy, Belgium, Czechoslovakia, Estonia, Finland, Hungary, Latvia, Lithuania, Poland, Rumania and Yugoslavia. Terms of the French settlement have been agreed upon by representatives of the two governments and a cash payment has been made but the French government has failed to ratify the agreement as to the terms of deferred payments.

British and French debts were the greatest, but there is similarity in the terms of settlement. The total debt of Great Britain at the time of settlement was \$4,715,310,000. Reduction of interest and other items amounted to \$111,181,914; cash paid, \$4,128,085; bonds to run sixty-two years, \$4,600,000,000. The difference between face value and present value of the bonds, with other concessions, effected a total reduction of \$1,414,233,915.

The French debt at the time of negotiations amounted to \$4,230,777,000. The first reduction was \$205,390,313. Settlement was negotiated on a basis of payment of \$386,686 in cash and acceptance of \$4,025,000,000 in bonds to run sixty-two years. The cash was paid, but the remainder of the settlement awaits ratification by the French government. By reason of difference in the face value and present value of bonds, total concessions amounted to \$2,549,921,313.

We have other credits ranging from \$270,599,640 owed by Russia to \$34,718 owed by Liberia which for various reasons have not been settled.

Greece offers a peculiar line of reasoning with reference to her obligation. It is contended there that as she had arranged for a credit of \$48,000,000 and had borrowed only \$15,000,000 no request for payment should have been made until the United States had loaned \$33,000,000 more. The American debt commission is not convinced of the validity of that contention.

Armenia had a debt of \$16,000,000, but these people have no independent government.

Austria owes \$32,000,000, but, notwithstanding the fact that she was an enemy nation, she has been granted a moratorium of twenty years.

## REDISTRIBUTION OF WOMEN.

American farms have more girls than they need, more than the men need for wives, we learn from the conference of the Southern Women's Educational alliance. This has been brought about, it is found, by the movement of country boys to the cities. The women's alliance proposes to find vocations that will fit the girls for urban occupations, the news dispatch states.

This is a reversal of conditions of the last century, when the farms of the west were being settled. Young men of the east were advised to go west and they did. Many brought families with them, and many others had no families. The girls were left behind in the New England and the central states. There were few occupations for girls in those days outside of teaching school.

We do not know just what the women's alliance is aiming at in its proposal to get the girls off farms. If it is a measure of farm relief, it is a new kind.

Miss Dorothy Nelson, research assistant in guidance for rural girls at the University of Virginia, told the women that "there are many potential leaders of women slaving on the farm, sewing, cooking and doing actual labor in the fields."

We can not feel much concerned about that situation for it ever was thus. We know that potential leaders of men are doing their best at tilling the soil, while others who are trying to be leaders ought to be feeding hogs.

The time is not yet when we want to transport from the farms our best women of farm families only to make of them leaders of women, where there are leaders in plenty. Some must remain to do the slaving and cooking for the fine young men who come from the farms, the best place in the world to train the youth for high positions. We do not understand just whom these people expect to operate the farms. The work at present may be somewhat distressing, but certainly it is not degrading.

## ABOUT HIRSUTE TAPESTRIES.

America needs more whiskers, says a New York pastor, declaring beards once were symbols of righteousness and success. In those days, whenever a man misplaced his razor for a couple of days he would be elected an elder in the church. . . . During the Civil War whiskers went to such lengths that a man with a smooth face would be rejected for military service. . . . Cigarets and the rising costs of fire insurance did much to bob the vogue of facial tapestries. . . . It used to be fun to watch a man with heavy chin foliage try to acquire the contents of a beaker of beer. Now he hasn't either the beer or the whiskers to waste it on. . . . This whisker propaganda looks suspiciously like some "Sell More Soup" advertising. Men who used to buy soup for their whiskers now buy it only for their vests.

Effect of noises on the nerves of a girl typist was tested by scientists. Next they ought to test the effect of gum-cracking on the boss.

## THE TINYMITES

STORY BY HAL COCHRAN—PICTURES BY KNICK

READ THE STORY, THEN COLOR THE PICTURE

The Tinymites were very glad to meet fair Jack and Jill. Each had begun to ask them questions about the water that they spilled. Said Clowey, "Gee, I wish you'd tell about your trip up to the well. I know that we'd enjoy it, and would very much be thrilled."

So Jack and Jill sat on the ground, and all the Tinymites gathered round. Then Jack told how they'd both been sent up to the well one day. "I had a big ball in my hand," said he, "of course you understand, that as we climbed up to the well, we both began to play."

"Well, when we came near to the top, I slipped and took a sudden flop." Right here, the Tinymites broke right in and filled the air with laughter. Then Jack continued, "Down I fell, and tumbled down the hill pell mell. The next thing that I knew, my friends, poor Jill came tumbling after."

"But, anyway, we walked to town," said Coppy. "How about the crown that people say you busted? We would like to hear of that." Fair Jack just laughed, and then he sighed, and to the Tinymites replied, "The crown that they refer to was the crown upon my hat."

Just then some voices loud and clear broke through the air and soon right near. Both Jack and Jill jumped up and said, "Here, comes that Shoe House bunch." Of course by this, the Tinymites knew that all the kids lived in a shoe. And then they found the little tribe was running home to lunch.

Well Coppy said, "We're hungry, too. Can we run right along with you?" And someone answered, "Sure you can. Our mom won't throw a fit. We're glad to have you join our bunch. And she will gladly give you lunch. She has so many children now, that she won't mind a bit."

(The Tinymites meet the Old Lady in the Shoe.)

Said, "I'll tell Cherry what you said."

"Your bothering about old Phil when you've got troubles enough of your own, made me think he might be some kin to you. He needs a bit of looking after, seeing as how he's near lost his eyesight and his memory's gone bad—"

"His memory?" Faith asked quickly.

"Sure, he ain't got no mind left at all. Why, when he came back about six months ago to his old corner, after a long spell of sickness, he didn't know me! That's a fact. Why, he'd even forgot that he wasn't on speaking terms with old Sour-face Kelly here, that runs the news stand. Acted like they'd been friends, he did, but old Kelly couldn't cotton to him at all. They fell out about something more'n a year ago, used to jaw each other like a couple alley kids. So long! If you find old Phil, I'd like to do something for him myself."

Faith's brain was a whirl of conflicting emotions and doubts and half-suspected, half-rejected truths as

## SAINT and SINNER

Faith was about to hurry away, after thanking the kindly officer for his helpfulness, when the bluecoat laid a hand on her arm.

"I hope you don't mind me saying so, miss, but I recognized you from your pictures in the papers. I'm so long! If you find old Phil, I'd like to do something for him myself."

Faith choked. "Thank you," she

## Gardening—A Good Game

GARDENING is a family sport. Every member of the household can be interested in it. While affording instructive recreation it also pays you a wonderful profit in the form of fresh vegetables all summer and fall—even for winter if you will cold pack varieties, such as Corn, Beans, Beets, Carrots, etc.

A small garden is very much worth while. A space 20x25 feet will well repay you if used for beans, radishes, beets, lettuce, carrots, spinach, etc.—the quick growers. A larger area permits growing sweet corn, peas, melons, tomatoes, and the root crops for winter storage.

To utilize your land to best advantage, plan your garden right away. Also plan to use seed that has a reputation for producing good crops over a long period of years. Northrup King & Co.'s seeds have given satisfaction for 42 years.

They are available now in packets and cartons

At Local Dealers

**NORTHROP, KING & CO.'S SEEDS**

she hurried to the city's busiest corner—Main and Columbus. But of one thing she was sure. Churchill had been extraordinarily wise not to let out a word to the regular police or to the newspapers about Bob's discovery of the queer footprints, or about Bob's theory that a cripple had been on the scene of Ralph Cluny's murder. She and Bob could thus pursue their investigation into the mystery of the crippled old beggar without arousing suspicion or inviting ridicule if they failed.

Traffic Officer Callahan, a magnificent young giant of an Irishman, stood in the center of the intersection of Main and Columbus, directing the four unending streams of traffic with grand, sweeping gestures and shrill whistle blasts. When traffic was halted, Faith crossed to the small square wooden dais on which he stood and waited, with what patience she had, until he had started the twin vehicular processions on their way again.

At her query, Callahan stooped low to listen, but his keen blue eyes never left the unending caravans of motor cars.

"Could I tell you what?—oh, yes, where old Phil the beggar lives, and what his last name is? Hey, there, what d'ye think this is? Going to a fair?" he belated to a motorist.

"Now, miss, I'm sorry, but I ain't got an idea where old Phil lives. Used to be a real pal of mine, too, before he went dopey in the bean. But seems like to me his last name's Schmidt or Schwartz or something Dutch like that. No—hee, back up there! Gone deaf? Can't hear this whistle?" he shouted at a taxi chauffeur who attempted to disregard the signal.

Schultz it is, Miss. Schultz. It was his married daughter as was named Schmidt. Don't mention it, little lady. And—good luck next week! The little girl'll come clear, don't you worry. No jury'd convict a little red-headed beauty like her."

There were tears in Faith's eyes as she left, but in her heart there was springing up new hope. At last there was a tiny clue to work on.

TOMORROW: Churchill refuses to take the mystery of the crippled beggar seriously.

## OGLE COUNTY IS PLANNING MANY SHIPPERS ASSNS.

**Eighteenth Organization of Kind Formed at Adeline**

A new live stock shipping association was organized recently at Adeline at a meeting held there. While farmers in this community had been shipping their stock co-operatively previous to this date through the hands of Earl Gesin who was acting as a local shipper, there never had been a real organization to manage this business.

At a meeting called by C. F. Long, president of the Maryland Township Farm Bureau, reports were read by the acting manager, Mr. Gesin, and with the assistance of the Farm Adviser of Ogle county a constitution and by-laws for the organization of a local shipping association were drawn up and adopted.

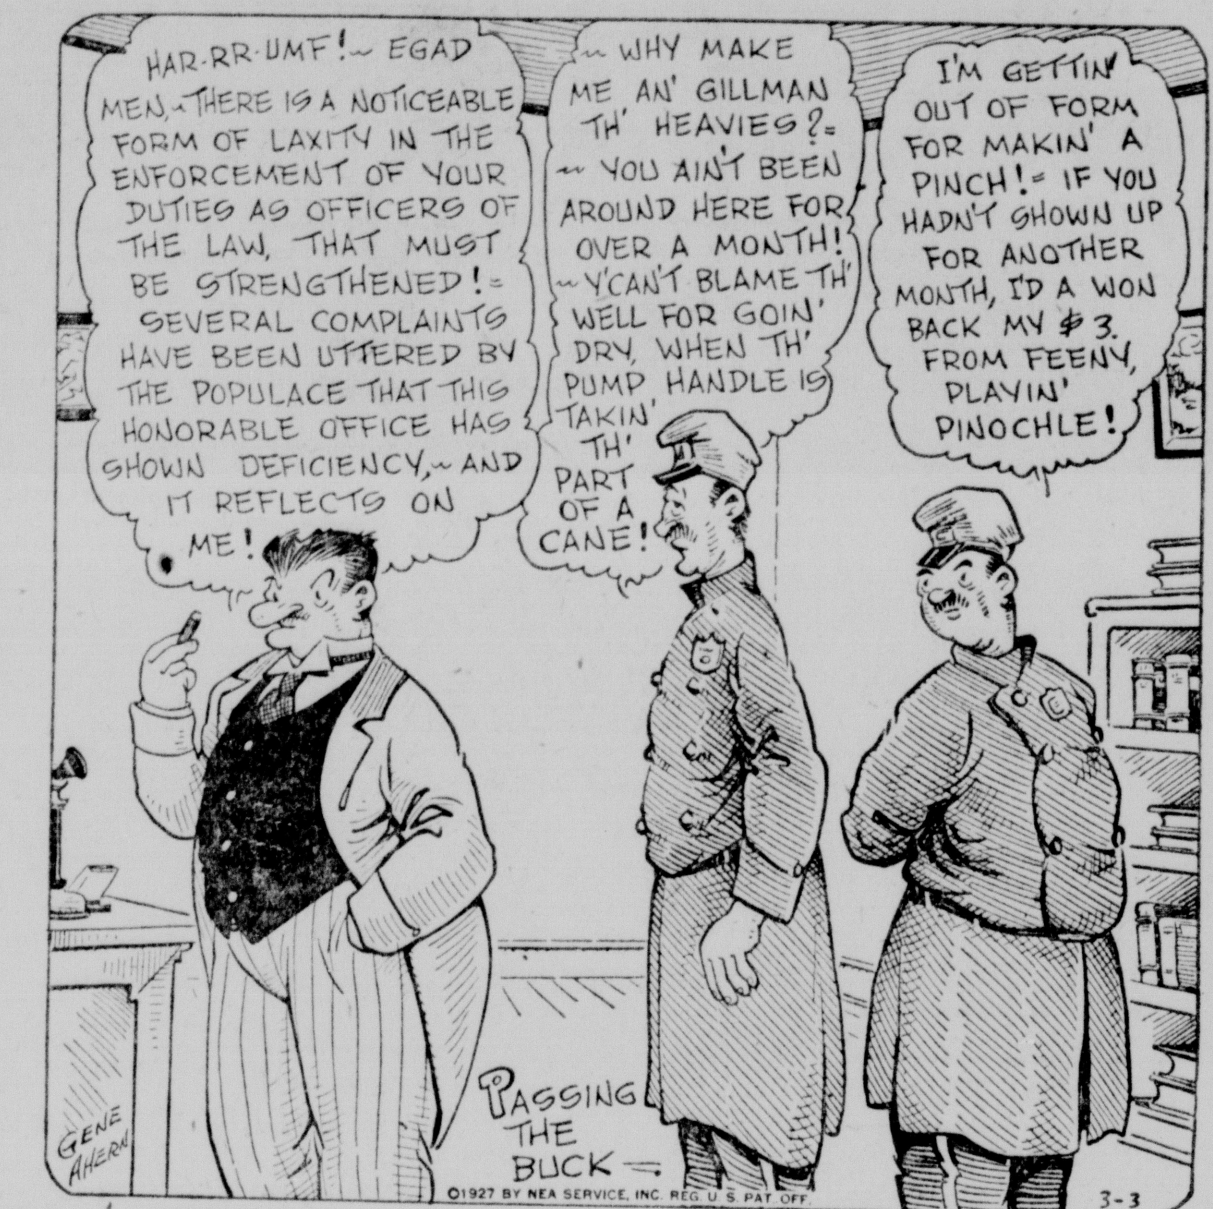

Earl Gesin was chosen to serve as local manager and a Board of Directors was elected, consisting of seven members to hold office for terms varying from one to three years. The directors chosen were: Ed Meyers, Dick Johnson, George Stukenberg, Harry Thomas, T. S. Cain, A. C. Shultz and Lester Rothmeyer.

The directors met after the adjournment of the general meeting to form the newly organized shipping company.

This association is one of eighteen organized shipping associations in Ogle County who handle a large volume of the live stock shipped from Ogle county points.

## OUR BOARDING HOUSE

BY AHERNS

## FUND DEPLETION CANNOT BE BAR TO ANY PENSION

**Such is Opinion Atty. Gen. Carlstrom in Recent Dispute**

Springfield, Ill. — (AP) — Depletion of a county Mothers' Pension fund may not mean that qualified applicants shall not receive aid, Attorney General Oscar Carlstrom advised Frank M. Ramsey, state's attorney, Hillsboro.

Ramsey had notified Carlstrom that the county judge of Montgomery county, assuming office Dec. 6, 1926

found the Mothers' pension fund, levied by the county board to become available for the fiscal year 1927-28, had been depleted by the issuance of anticipation warrants to the amount of seventy-five per cent.

The attorney general pointed out that it is mandatory upon the county board to levy taxes for the fund but that it is not mandatory to issue anticipation warrants.

"While the board has that authority," he said, "issuance of anticipation warrants is a matter for the board to determine."

"It is my opinion that the county judge may designate those in most urgent need of assistance and the county board may cause to be issued anticipation warrants to create a fund for the payment thereof. The county board would have no right to select the mothers to whom aid

should be given under such conditions.

"The court may take into consideration the funds available and distribute such funds to the mothers to whom such pensions have been granted. If there are no funds on hand, all of the orders may be temporarily vacated until funds are available. If this is done it is my opinion the funds when available will not be granted as back pay to the several mothers."

"The county would have a complete defense against any mandamus suit for back pay providing it can show that a proper levy had been made and that it had paid, under orders of the court, all the funds raised for that purpose."

# SPORTS OF ALL SORTS NEW RULES WILL BE BENEFIT TO HORSE RACING

## Horses May be Classed According to Their Winnings Now

At the annual meeting of the American Trotting Association held at Chicago last week, radical changes were made in the rules which will go a long way toward bettering the racing conditions and be appreciated by both horsemen and the public.

For several years past, horses which have won races have been forced to start back in a class as fast as the fastest heat in the race. For instance of a 225 pacer won a race the fastest heat of which was in 2:15, the horse then would be required to drop down to the 2:15 class. In order to avoid taking a fast record, on account of this rule, in many cases horses which could easily win, were held back to perhaps a first in one or two heats and then a second in the rest, with the result that they got second money, and no record when they had speed to burn and should have won the race. Under the new plan adopted by the American Trotting Association, 25 classes have been arranged, in which the amount of money a horse wins governs the classification.

Starting this year with the class which the horse finished in last year, he goes to another class only when he has won a certain amount of money.

As an illustration, a horse which at the close of the racing season last year was eligible to the 2:25 class, starts in that class this year. When he has won \$400, he goes to the next class which is one second faster or a 2:24 class. When he has won \$500 in the 2:24 class he then goes to the 2:23 class and must win \$600 before he goes to the 2:22 class. As the classes get faster the amount of money to be won before leaving the class is increased, until the horse has won \$50,000, when he must be started in a class of two minutes or under. But few horses ever are able to make this time, hence the field in the fast class will be limited.

The advantage of this new ruling is that there is now little incentive for a driver to hold his horse in. In order to get out of a slow class he must win sufficient money to put him in the next fastest class, and his record remains the same until that time, and then he is only required to go in a class one second faster.

The new ruling makes it possible to now hold a July 4th race program and have the horses race for the money. Heretofore very few horsemen wished to take their horses out as early as July and run the chances of giving them a fast mark in order to win a race, because for the balance of the season they were forced to go in fast company.

The various fairs of this section will no doubt race under this new plan. It is the most satisfactory one ever offered horsemen and public. Time suppression, pulling of horses, and failure to drive to win, will be eliminated under this rule.

## THE LIFE OF CHRIST

Six months after the angel appeared unto Zacharias, "the angel Gabriel was sent from God . . . unto Mary and said . . . blessed art thou among women . . . thou shalt bring forth a son and shalt call his name Jesus." (Luke 1:26, 28, 31)

## The Birth of Jesus

"And it came to pass in those days that there went out a decree from Caesar Augustus that all the world should be taxed." (Luke 1:1)

"And Joseph went up from Galilee, out of the city of Nazareth . . . unto Bethlehem to be taxed with Mary, his espoused wife." (Luke 1:4-5)

"And Mary brought forth her first-born son, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn." (Luke 11:7)

SYNOPSIS ARRANGED BY DR. WM. E. GILROY, D. D.  
SKETCHES BY KROESER

ampa, Fla., training camp of the Washington Senators, where practice was limited to warming up exercises yesterday, due to the cold weather.

Joe Pate, the only holdout of the Athletics squad, has arrived at Fort Myers, Fla., but he had not yet signed his contract.

Lance Richbourg, an outfielder with the Braves at St. Petersburg, Fla., pitcher Bob Smith was another arrival.

In New Orleans Manager Bill Carrigan is greeting the advance guard of the Red Sox.

Glee over the signing of Babe Ruth choed through the Yankees training camp at St. Petersburg, Fla., today. Babe arrives there Monday.

The Giants collected much dust on their trousers in sliding drill at Sarasota.

At Clear Water, Harvey Hendricks former Yankee outfielder, arrived at the Brooklyn camp and nearly broke up a scrub game with two singles and a double.

Managerial enthusiasm is strong in the Orlando camp of the Cincinnati Reds and Jack Hendricks has picked his team for a championship contender.

At the Pasco Robles, Calif., training camp of the Pirates, Manager George B. Suggs today ordered the first general urday were underway today at the workout.

## CITY BOWLING LEAGUE RACE WAXING CLOSE

### Legion and Concrete Tied in First Place of League

The race in the City Bowling League at the Pastime alleys is waxing warm, with two teams tied for first place and another pair of clubs fighting for second position. The Legion and Concrete teams are now in first place while the Penn OH and Independents who meet this evening are tied for second place. The winner of tonight's games will doubtless place three teams in the tie for leadership. The results of last evening's contests were as follows:

**Legion—**  
Rosbrook ..... 179 188 125  
Fallstrom ..... 212 129 190

**Totals** ..... 811 821 824  
Grand total pins—2,526.

### Ruth's Earnings Below Those of Gene Tunney

New York, Mar. 3—(AP)—In earnings as an athlete Babe Ruth now apparently is second only to Gene Tunney. Tunney's earnings are estimated at \$1,000,000 a year. Babe is

to get \$70,000 salary from the Yankees. He says he received \$75,000 for the movie he made in Hollywood recently and he plans several more in the future. Syndicate baseball yards during the coming season will add to his purse.

Recent annual incomes of other athletes are estimated as follows: Earle Sande, jockey, \$100,000; Walter Hagen, golf pro, \$75,000; Gertrude Ederle first woman to swim the English Channel, \$75,000; Reggie McNamara, six day bike racer, \$50,000; Red Grange, pro football star, \$50,000; Suzanne Lenglen pro tennis, \$50,000; Jack Hobbs of Great Britain, world cricket champion, \$6,500.

## AMERICANS TURN BACK 'ENEMY' IN BILLIARD MATCH

### Hoppe and Cochran in Victories Against Foreign Stars

Washington, Mar. 3—(AP)—Jake Schaeffer, a former title holder, had his first inning today in an attempt to wrest the world's 18.2 ballline billiard championship from Willie Hoppe of New York, clashing with Felix Grange of France in his first match of the tournament here.

The two American entrants turned back their foreign opponents, Hoppe defeating Matsuyama of Japan Tuesday and Cochran of California yesterday gaining a 400 to 36 victory over the Japanese star. Edmond Hornmans of Belgium defeated Grange last night 400 to 199.

The standing today was:

	W.	L.
Hoppe	1	0
Hornmans	1	0
Cochran	1	0
Schaeffer	0	0
Hagenlacher	0	0
Grange	0	1
Matsuyama	0	2

### White Sox Park Vies With Yankee Stadium

Chicago, Mar. 3—(AP)—An enlarged park that will accommodate 70,000 persons and still have the largest playing field in the major leagues will be ready when the Chicago White Sox play their first league game at Comiskey Park, April 20.

The built over park, which will vie with the plant of the New York Yankees as the greatest for profes-

sional baseball in the world, will have seats for 55,000 with standing room for 10,000 more without overflowing on the field. Temporary bleachers along the foul lines will accommodate another five thousand.

## McTIGUE-SHARKEY FIGHT IS PUZZLE TO ALL EXPERTS

### Two Good Battlers to Meet in New York Ring This Eve

New York, Mar. 3—(AP)—Mike McTigue and Jack Sharkey meet in a 15 round battle at Madison Square Garden tonight in a sort of semifinal in Tex Rickard's heavyweight elimination tournament. The winner is destined to meet Jimmy Maloney for the right to face Gene Tunney next September.

Fight experts, who were 90 percent wrong in predicting the outcome of the Maloney-Delaney battle, hedged about tonight's bout. Sharkey says he is certain that McTigue's best effort cannot carry him more than six rounds.

The main bout is scheduled to start about 10 p. m.

Comparison of the fighters:

	Sharkey	McTigue
25 years	age	38
190 pounds	weight	170
6 feet	height	5 ft 11 in
40 1/2 inches	chest (nec)	36
44 1/2	chest (exp.)	40
33 1/2	wrist	32
8 inches	neck	15 1/2
16 inches	biceps	16
13 inches	ankle	8 1/2
9 1/2 inches	calf	15
17 inches	thigh	22
24 inches	forearm	16 1/2
13 inches	reach	74

### State Basketball and Wrestling Meet Planned

Bloomington, Ill., Mar. 3—(AP)—The first state Y. M. C. A. basketball and wrestling tournament will be staged here in two evening and one afternoon sessions March 25 and 26. Ten towns only will enter 100 contestants, local officials estimate, entries being expected from Aurora, Canton, South Chicago, Danville, De-

catur, Elgin, Evanston, Freeport, Galesburg, Kewanee, Moline, Naperville, Quincy, Springfield, Hyde Park, Streator, Waukegan and three Chicago centers, 111th Street, West Side and Wilson Avenue.

Amateur athletic union regulations will prevail during the meet that starts with an evening session Friday March 25. Medals for first and second place winners will be awarded.

## Fights Last Night

(BY THE AP)  
Paris—Fred Brittonel, France, defeated Phil Bond, England, (6).

San Francisco—Johnny Preston, New York, won a technical knockout from Freddie Hoppe, San Francisco, (6).

Alton—Eddie Anderson, New York, beat Haxie Holub, Akron, (10); Johnny Breslin, New York, stopped Jack

## Chicago Clerk Approves Tanlac

Nervousness and Sour Stomach Following Diphtheria Ravaged Health.

"After a siege of diphtheria I was in such bad shape, so weak and run-down, that I thought I would never regain health," says Miss Viola Powell, 124 E. 26th St., Chicago. "Food that I ate soured on my stomach. I could not exert myself without suffering from headaches and dizziness. I was so nervous that nights were just hours of thinking, restless turning and tossing. I never felt rested."

"Tanalac cleansed my system, gave me an appetite for food, relieved my stomach trouble and soothed my nerves. It has put me in the best of health and I enjoy life, both work and recreation." Tanlac builds up scrawny, weak bodies, drives out causes of suffering and gives the body good health. Made from roots, barks and herbs. Take wonderful Tanlac. At your druggist's. Over 40 million bottles sold.

## Bits of News From Leaguers in Their Camps

BY THE ASSOCIATED PRESS  
A series of minor casualties has somewhat interrupted the usual methodical program in the Cubs camp at

St. Petersburg, Fla.—Al Van Ryan, St. Paul, won from Bernondsey Elly Wells, England, (10).

At Shreveport the big figure in the White Sox camp was the rubber, who found plenty of work yesterday after Ray Schalk put his squad through their first real workout.

Preparations for the first exhibition game with the Boston Braves on Saturday were underway today at the workout.

At the Pasco Robles, Calif., training camp of the Pirates, Manager George B. Suggs today ordered the first general urday were underway today at the workout.

# Formal Showing of Spring Fashions

### Presentation of Modes That Will Lead The Vogue For Spring

MODES as lightsome as Spring itself and as well poised as the smart madames and made-moiselles who will select them. They're exclusive costumes—these new modes we're featuring in this Opening Event.

### Delightful Display of New Spring Millinery

ALL the spirit, enthusiasm and gaiety of Spring-time is expressed in this diversified display.

Fashioned of lovely silks, picot, milan, crocheted visca, bullbunte and sports felts, every model shows that subtle individuality that distinguishes smart millinery.

**\$3.85 and \$4.95**

## The New Springtime Frocks

As Fashionable As They Are New

Paris has imbued her Spring Frocks with the spirit of youth and this collection convincingly expresses her inspiration.

Here are Frocks for every Spring event, fashioned of flat crepe, novelty silks and georgette. .... **\$10.95 up**

# EICHLER BROS.

Famous for Ready-to-Wear

### The New Coats in Fashion's Parade

ADHERE to the general style rule—slender and straight and bespeak Paris in the skillfully and intriguing application of the trimmings.

Coats fashioned from materials in which you will find the highest expression of originality, distinctiveness and luxurious quality.

**\$17.50 up**

### The Spring Tailleur in All Its Version

THERE are so many versions of the tailored suit this Spring that individuality need not be lost. The sports and business suit will be two-piece of course, but for more dressy events the ensemble will be the appropriate attire.

**\$24.75**

**RAYOLA**  
The lustrous fabric  
of 100 uses

COOL days are sewing days. There are so many things to be made right now . . . those winsome party-dresses for the children . . . that lovely lingerie for yourself . . . countless colorful things to brighten up the home. With Rayola you now can have them all . . . with so little trouble, so little expense.

Rayola is the most practical of fine, light-weight fabrics. Made of real Tussah silk and the finest Egyptian cotton, to which has been imparted a permanent "Satinized" finish which renders it as lustrous as an all-silk fabric.

Non-clinging, non-curling . . . in a great range of popular colors, including every wanted shade.

LOSE FAT IN THIS PLEASANT WAY

Not by abnormal exercise or diet, but by correcting the cause of excess fat, as countless people now are doing. That way is Marmola Prescription Tablets, used for 19 years. Today you see the results in every circle, in figures made girlish and slender. The use of Marmola has grown to very large proportions because of these proved results. You owe yourself the test of a scientific help which has done so much for so many. The results will surprise and delight you.  
All druggists supply Marmola at \$1 a box. A booklet in each box tells why it acts. Go get it now and watch the results on fat.

Guard Against "Flu" With Musterole

Influenza, Grippe and Pneumonia usually start with a cold. The moment you get those warning aches rub on good old Musterole.  
Musterole relieves the congestion and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister.  
First you feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief. Have Musterole handy for emergency use. It may prevent serious illness.  
To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.  
Jars & Tubes  
**MUSTEROLE**  
WILL NOT BLISTER  
Better than a mustard plaster

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.  
Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.  
Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

NOTICE OF FIRST MEETING OF CREDITORS. In the District Court of the United States for the Northern District of Illinois. In Bankruptcy, No. 1387. In the matter of Clarence Good, Bankrupt.

To the creditors of Clarence Good of Dixon, in the County of Lee and District of Illinois, a bankrupt: Notice is hereby given that on the 2nd day of March, A. D. 1927, the said Clarence Good was duly adjudicated bankrupt and that the first meeting of his creditors will be held at my office, in the City of Dixon, Illinois, on the 15th day of March, A. D. 1927, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt, and transact such other business as may properly come before said meeting.

Dixon, Ill., March 2, 1927. HENRY S. DIXON, Referee in Bankruptcy. L. J. Scriven, Dixon, Illinois, Attorney for Bankrupt. 4913t

Epidemic of Influenza sweeps Rumania; 12,600 cases at Arad.

Canada has one golf course for every 13,339 inhabitants. In the United States there is one for every 25,793 persons.

Remember your Evening Telegraph and Chicago paper before expiration date in order not to miss any copies.

CUT THIS OUT—IT IS WORTH MONEY. Send this ad and 19 cents to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive a trial bottle of Foley's Honey and Tar Compound, for coughs, colds, croup (spasmodic) and tickling throat; also a trial packet each of Foley's Pili, a diuretic stimulant for the kidneys, and Foley's Cathartic Tablets for constipation, biliousness and sick headaches. These wonderful remedies have helped millions of people. Send for them. Sold everywhere.—Adv.

Those bad looking red lumpy eruptions of the skin—those pimples that humiliate you and keep you from social affairs—what are you going to do about them?

If you are wise and want to get rid of them so quickly that you will be astonished you'll get a 35 cent box of Petersen's Ointment and let its mighty healing power make you joyfully happy in just a few days.—Adv.

It Does My Heart Good Just to Watch That Kid Eat

Three months ago he was thin and frail—he had no appetite and didn't want to play with other children. Look at him now with his round frame, his healthy color and sparkling eyes and just watch him eat. Cod Liver Oil would have helped him but he couldn't take the nasty stuff—it upset his delicate stomach. So his wise mother gave him McCoy's Cod Liver Oil Compound Tablets and now the whole family is happy.

Give your child McCoy's Mother if he is weak and thin—it is rich in just the kind of vitamins he needs to build him up and if by any chance they don't help him, get your money back. 60 tablets 60 cents at Rowland's Pharmacy and druggists everywhere. Adv.

# ILLINOIS GOOD- WILL TOUR WAS GUEST OF CUBA

Learned Much of Possibilities of Trade With the Island

BY LESTER B. COLBY  
Illinois Chamber of Commerce

Havana, Cuba.—Cuba imported from the United States in 1925 not less than 125,000,000 pesos. Havana is Spanish for eggs, banyard variety. Cuba paid more than \$3,000,000 for these eggs. They came largely from our own central west.

Members of the Good-Will Trade Cruise of the Illinois Chamber of Commerce, including Mr. and Mrs. E. D. Alexander of Dixon, have learned much of the trade possibilities of Cuba. At a dinner given to the seventy-nine members of the party at the Sevilla hotel, W. L. Schurz, economic advisor to the government of Cuba, an American and formerly with the United States Department of Commerce, said:

"The United States now has close to \$1,500,000,000 invested in Cuba. Only in Canada have we such a large stake as here. Cuba ranks fifth among the nations as a seller to the United States and seventh as a buyer of American goods. In both respects she is ahead of all other Latin-American countries."

**Trade With United States**  
"During the last twenty-two years more than two-thirds of all her imports have come from the United States and about four-fifths of all her exports have gone to the United States. Cuba normally buys from the United States close to \$200,000,000 worth of merchandise each year and ships to the United States between \$250,000,000 and \$350,000,000 worth of goods. Sugar is by far the largest item."

"Thanks largely to the excellent communications with Cuba you people of Illinois are already doing a fine business with this country through your exports to Cuba considerably exceed your purchases. When I was with the United States Department of Commerce I became fairly familiar with your industrial production and I believe no state produces a wider variety of goods in demand in Cuba than Illinois."

"The outlook is for a still wider interchange of goods as the productive capacity of Cuba is developed and diversified. With no other Latin-American country is the United States so closely linked both commercially and sentimentally, with no

## Don't Get Up Nights

Nature's Danger Signal Relieved by Tenn. Man. Wants Others to Know.  
J. L. Church, Doeville, Tenn., says: "Had to get up 19 to 23 times each night. Burning was almost unbearable. Passed much blood and pus. Had no lasting results until taking lithiated buchu (Keller Formula). I feel 100 per cent better. My friends say 'How much better you look.' Will tell or write my experience to any one."

Lithiated Buchu cleanses the bladder as an esom salts do the bowels. It is not a patent medicine. The formula is on the bottle. The tablets cost 2c each at drug stores. Keller Laboratory, Mechanicsburg, Ohio. Locally at Rowland's, Dixon and Rochelle.—Adv.

**ABE MARTIN**  
Mutton tallow applied generously 'll keep knees from crackin'. Some folks even worry over what becomes o' international chess players durin' a world war.

other have your relations been so cordial and satisfactory."

**Many Potatoes Shipped**  
On the docks at Havana we saw ships unloading cargoes of sacks. Investigation proved them to be filled with potatoes—from the United States. Our exports of potatoes to Cuba in 1925 were valued at \$1,755,000.

Lord, bacon, hams and shoulders—packing-house products chiefly from Chicago—entered Cuba from the United States in 1925 to a value of \$20,288,000. Illinois has seventy shoe factories, so it is presumed this state supplied its share of the \$7,085,000 worth of boots and shoes imported from the United States during the same year.

For the last three years Cuba has averaged to import more than \$12,000,000 worth of cotton cloth from the United States yearly. In the same period imports of condensed milk have run from \$2,500,000 to \$4,400,000 a year. In 1925 we sold to Cuba \$9,

\$15,000 worth of wheat flour, \$5,445,000 worth of sugar mill machinery and \$4,790,000 worth of automobiles.

**Sugar Chief Export**  
Sugar is Cuba's chief export crop. Sugar exports to the United States in 1923 totaled \$321,926,000; in 1924 it was \$213,165,000 and in 1925 only \$199,780,000. We received more sugar from Cuba in 1925 than ever before but the price was less!

The low price of sugar today is Cuba's tragedy. It has brought about a serious financial depression and many of Cuba's sugar growers have gone broke.

Tobacco is Cuba's second export

## Itching Piles

Instantly Relieved and soon cured by applying FAZO OINTMENT. It Stops Irritation, Swelling, Heat and Itching. Cures any case of Itching, Blind, Bleeding or Protruding Piles. All Druggists have FAZO OINTMENT in tubes with pile pipe attachment at 75c and in tin box at 60c.

crop. For the last three years the average tobacco exports to the U. S. have run around \$22,000,000 yearly. And the tobacco growers have complaint, too. They complain that our tariff wall has placed them at the mercy of American tobacco interests. They are pleading for the right to gain entry to the American market by parcel post. They want to be able to ship their cigars and tobacco to American purchasers in small quantities—a right denied them now. Cuba's present depression, its financial men declare, is largely due to tariff walls.

**Hint Retaliation.**  
Speakers who outlined Cuba's problems even hinted at retaliation. Under pressure of financial depression they feel the situation keenly.

President Machado, we learned, is giving Cuba the squarest and most progressive government it has ever had. Cubans generally and Americans living in Cuba appear to have the utmost faith in his integrity and honesty.

He has taken a leaf out of Illinois' book of progress and has let contracts which will mean, very soon, a complete concrete road system from one end of the island to the other. When you stop to realize that Cuba is 750 miles long, or within 150 miles of the distance between New York and Chi-

cago, you will fully more appreciate the size of the undertaking.

President Machado is also organizing in a scientific way a plan for greater diversification of crops in Cuba. He realizes that much of the nation's present trouble is due to the fact that it is practically a two-crop country.

**Conducts Experiments**  
Coffee grows well and of excellent quality in the eastern districts of Cuba. However, as an industry it was almost forgotten during the years when sugar was highly profitable. He is also experimenting with rubber, cacao and fiber plants. Our own International Harvester Company is raising sisal, for making binder twine, on its own Cuban plantations.

General Enoch H. Crowder, ambassador of the United States to Cuba, joined the Illinois party as soon as it stepped on Cuban soil and remained with the party at all times during the two-day stay in Havana.

Among the speakers at the Sevilla hotel dinner were Carlos Arnoldson, president of the Cuban Chamber of Commerce and William P. Field, president of the American Chamber of Commerce of Cuba. Walter M. Daniel, of Havana, director of the United States Chamber of Commerce, presided. John H. Camlin, president of the

Illinois Chamber of Commerce, responded for the visiting party. Every hour of the visit to Cuba, insofar as was possible, was crowded with entertainment. However, as the Good-Will Trade Cruise was first of all a business trip small mention will be given to these features.

(This is the first of a series of three stories telling about the discoveries made on the Good-Will Trade Cruise of the Illinois Chamber of Commerce into Caribbean waters. The next will be dated from Barranquilla, Colombia, S. A.)

## A THOUGHT FOR TODAY

Resist the devil and he will flee from you.—James 6:7.

God is better served in resisting a temptation to evil than in many formal prayers.—William Penn.

The ptarmigan, snow bunting and dotted are the only birds that make their homes in the High Tones, as the Alpine country of Scotland is called.

During the last three centuries, 150,000 persons have lost their lives through volcanic eruptions, 175,509 of these fatalities being in the Pacific area.

There is at present a world shortage in tin, caused by the demand for its use in the manufacture of widely varied articles, including loud speakers and silk hosiery.

# Pimples, Boils, Skin Eruptions

Skilled physicians recognize the appearance of pimples, boils and other skin eruptions as being an indication of an abnormal condition of the system. This is why so many thousands have been enabled to free themselves of these unsightly blemishes and painful annoyances by taking a course of S.S.S. You owe it to yourself to try S.S.S. It helps Nature build up red corpuscles. It improves the processes by which the blood is nourished. It is time-tried and reliable.

"I suffered from impure blood—was weak, and I had lost so much weight. I didn't look natural. I had pimples and was also bothered with a breaking-out that itched terribly. I also had boils one after another."

I tried different kinds of remedies, but nothing did me any good until a friend advised me to take S.S.S., which I did. This was some time ago. Now I feel well, and I am getting along fine. S.S.S. stopped the itching and it cured me of boils. I advise all weak and run-down people to give S.S.S. a trial. It clears up the skin and makes you strong and fills you with energy." Mrs. J. W. Barker, 1337 Walnut Street, Cincinnati, Ohio.

S.S.S. is made from the fresh roots of medicinal herbs and plants and is prepared in a scientific way in a modern laboratory. S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

# Serve and Save!

We Are Serving Best by Saving You Most

## Millions of Grateful Customers

The popularity of a store is determined by the experience people have with it. The jury that renders the verdict is the American Family at Home.

In the sanctuary of the home as the family gathers at the end of a busy day for the evening meal, decisions are made which are uncombatable.

By the upright conduct of our hundreds of Stores—by the conduct of this Store—by the high character of our Values, Savings and Service, we have strived to earn favorable verdicts in the homes of the people of the whole country.

Our continuous growth and expansion over the last twenty-five years, indicate that our millions of customers are grateful for the provisions we make for serving them not only well but better and better as their needs are more definitely known to us.

Our buying power continues to afford the public a saving power which cannot be discounted.
